

AHMAD 'AMMAR MUSYAFFA'

Malang, Indonesia | +6281217952403 | ammarmusyaffa11@gmail.com

My name is Ahmad Ammar Musyaffa and I am an undergraduated student of Informatics Engineering. Currently, I am enrolled at State University of Malang, with a primary focus on full stack development. I have many basic skills like in HTML, CSS, Javascript, React, NextJs, Tailwind CSS, and Laravel which I have learned and implemented across various projects. I am excited to connect with other professionals in the industry and explore new opportunities.
