<https://www.linkedin.com/in/ahmadammarmusyaffa>

My name is Ahmad Ammar Musyaffa and I'm an informatics engineering student at State University of Malang. I have a strong interest in software development, especially in web development. To affirm my interest in real projects, I also work as a freelancer to develop web-based applications according to client's needs. I'm always eager to learn new things and always try to improve myself in the field of technologies. I am excited to connect with other professionals in the industry and explore new opportunities.
